

# NOx Synergy™

A SOURCE OF SUBSTRATES FOR NITRIC OXIDE

270 G POWDER | NPN80077402 | NOXSYN-CN

CARDIOVASCULAR HEALTH

Nitric oxide (NO) is a tiny but important molecule that helps our blood vessels relax, ensuring healthy blood flow to every part of the body. This is especially vital for supporting muscular contraction and endurance during and after exercise.

Formulated with precision, **NOx Synergy™** is specially designed to help maintain nitric oxide production for sustained energy and better athletic performance.

## Benefits

- Supports healthy nitric oxide status
- Promotes healthy blood flow and circulation
- Supports cardiovascular health
- Supports athletic performance
- Promotes energy production

## Recommended Dose

Adults: Mix one scoop (approx. 9 grams) in 8-10 oz of water immediately before consumption. Take once per day or as directed by a health care practitioner. If you suffer from a cardiovascular disease, consult your health care practitioner for use beyond 6 weeks. Refer to the product label for dosing instructions, age-appropriateness, and relative risk statements. Healthcare practitioners are encouraged to use clinical judgement with case-specific dosing based on intended goals, subject body weight, medical history, and concomitant medication and supplement usage.

## Highlights

- **Vitamin C** – for strong blood vessels and antioxidant support
- **Arginine, citrulline, and folate** – promote NO production in the body and athletic endurance
- **Magnesium and creatine** – for energy production, muscular strength, and healthy blood flow
- **Taurine** – helps blood vessel tone for optimal blood flow and supports healthy aging
- **Grape/apple extracts** – healthy blood flow
- **Glutathione** – antioxidant support
- Delicious grape flavour – sweetened with a stevia blend and 0 g of sugar
- Powder delivery – conveniently mixes in water or your favourite beverage
